1. Receipt is acknowledged of the election response and amendment to the claims filed December 18, 2005.

2. Applicant has elected Claim 22 as amended for examination.

Claims 1-21 and 23 have been withdrawn as directed to non-elected inventions. The arguments have been deemed not to be persuasive to withdraw the restriction requirement in view of the grounds submitted in the previous office action. The additional search and examination is an extremely burdensome as indicated in the previous office action.

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claim 22 is rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements which is the substrate. See MPEP § 2172.01.

4. (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 22 is rejected under 35 U.S.C. 102(b) as being anticipated by Chartrain U.S. 5,792,871 or U.S. 5,846,791.

Art Unit: 1651
